

SP-32, Hydraulic Cutter

Description:

This hydraulically operated remote cutting head can connect to any 10 000psi, high pressure hydraulic pumping system. It comes with a 3/8 inch screw-type male coupler and has a hinged head which can be opened for easy cable or bar insertion. The movable blade advances in a shear fashion, to cut the material cleanly. When the cutting pressure is relieved an internal ram spring retracts the blade. The guillotine cutting style of this tool offers superior output cutting force, allows for larger cable capacities and results in a more compact and reliable tool over scissor type cutting tools.

Features:

- Lightweight and portable
- Operates from any 10 000psi hydraulic source
- Works in any position
- Adjustable heavy duty material clamping system
- Easily replaceable cutting blades
- Supplied with sturdy storage case

Specifications:

Output: 20Ton
 Weight: 21lbs / 9.5kg
 Length: 14" / 356mm
 Jaw Opening: 1.25" / 31.8mm

Order Detail:

Hydraulic cutter , SP-32, Output force 20 Tons	D-ST-148
